## RECEIVED BY THE GOVERNOR

Governor Glenn to Assist in Making the Governor of South Carolina a Shriner.

(Special to The Times-Dispatch.)

Raleigh, N. C., April 3.—In the executive office of Governor Glenn, there was this morning the presentation to the State through Secretary of State J. Bryan Grimes of a handsome life-size painting of the late James Heritage Bryan—73rd Speaker of the House and the distinguished with highest honors from the University of North Carolina at the age of eighteen, and being elected in 1855 without his knowledge to both the State Senate and the United States Congress from the Fourth Congressional District, composed of Carteret, Craven, Jones, Lennox, Green, Wayne and Johnston counties, this being an honor without a parallel in the political annals of the State.

He was the grandfather of the present Secretary of State and the painting is presented by Captain Francis T. Bryan, one of the eight surviving children, the others being William Shepherd Bryan, ex-judge of the Court of Appeals, Maryland; Henry R. Bryan, Newbern, now a member of the Superior Court of North Carolina; Mrs. C. H. Lewis, Rocky Mount; Mrs. Jno. C. Welden, Raleigh; Mrs. A. P. Bryan, Raleigh; Mrs. Bryan Gilman, Grimesland; Mrs. Andrew Syms, Raleigh.

The painting will be hung in the reading room of the State Library, where there is an extensive collection of distinguished citizens of the State.

A charter was issued this morning for the Citizens' Trust and Savings Bank, of Asheville, capital \$50,000, by J. K. S. Ray and others. Also to the Monroe Realty Company, of Morehead, capital \$100,000, by B. C. Ashcraft and others.

State Auditor B. F. Dixon goes to Beaufort Thursday to deliver an address in advocacy of the voting a special tax by the town for graded school purposes.

Governor Glenn received this morning an invitation to go to Columbia April 11th to witness the conferring of the Shriners degree of Masonry on the Governor of South Carolina. The latter wrote a personal letter to Governor Glenn, appealing to him to be present and stand by him during the ordeal. It is probable that Governor Glenn will attend.

Was Depot Agent at Weldon for a Great Many Years.

(Special to The Times-Dispatch.)

WELDON, N. C., April 3.—Captain T. F. Anderson, agent here for the Seaboard Air Line, was instantly killed on the yard of the company this afternoon at half-past 3 o'clock by northbound passenger train No. 38. Captain Anderson was on the yard looking after the switch engine. The passenger train was forty minutes late, and when it came he was running at a high rate of speed. Captain Anderson stepped right in front of the engine, and in an instant he was knocked down and ground to death beneath the wheels. The accident causes gloom in every home town. He was one of the most faithful men in the service of the road and had been agent here for the company for more than a quarter of a century.

He came here from Mecklenburg, Va., where he still has many relatives and friends.

**SECOND DEGREE FOR MAN KILLED MOTHER**

Famous Case, in Which Christian Science Was Blamed.

(Special to The Times-Dispatch.)

WILMINGTON, N. C., April 3.—In the Superior Court here, today, T. A. McSwain, a well known Wilmington upholsterer, who slew his mother-in-law last October, was allowed to submit to murder in the second degree, which will carry with it a long term in the penitentiary, though judgment has not been pronounced as yet.

It was believed that McCraw was temporarily insane from whisky and morphine when he committed the crime. The case attracted widespread attention, as McCraw wrote a letter, making a dire charge against the Christian Science faith, and claimed that this was the cause of his domestic troubles and prompted the tragedy.

We are all happy and will never cease to be thankful for the visit of Charles Lincoln Smith to Richmond.

## MESSRS. BOUDAR SUBMIT REPORT

(Continued from First Page.)

lections for taxes to the State Auditor, which would be paid in full, and such excessive payment does not alter in any way the correctness of the shortage above reported, being of the same character as if the country funds were used for any other purpose.

In this case items turned over to us were notes of individuals aggregating \$1,456.05, payable in from two to twelve months. These, of course, we could not consider in making our report, as the board of accountants were not available.

Transfers kept all funds, State, county and schools, together, deposited in various banks, and we would suggest that your board, if it has the power, should require future transfers to be made under your control, entirely separate from those under control of the School Board and those of the State, so he should be required to deposit each day's receipts the next day, and not allowed to check on his deposits without the signature of a warrant.

The shortage in this office as regards the funds controlled by your board was incisively made by us on Thursday, March 29th, and we furnished the committee, through Mr. Saunders, on Friday morning.

We also furnished the committee with the amount due the schools as shown by the ledger, with the statement that they had only begun the examination of their latest accounts, and the ledger balances were subject to revision. We only finished our examination this morning, and all errors reported were noted by us as the work progressed, and we submit the report as showing the true condition of the offices of the Auditor.

We made an examination of the Sheriff's books, as he handles no funds of the county. Very respectfully,

H. B. BOUDAR & CO.,  
Publ. Accountants.
